

Turn Your Photos into A Video-Album Gift For Someone Special

Step 1. Visit the TV11 Website to pick a video album template. <http://www.northcantonschools.org/~tv11/>

*There are over twenty album templates you can choose from.

Step 2. Gather your photos and organize them the way you want them to appear on video. (Minimum of 40 Images)

- Use the following number system for the pictures: 001, 002, 003, 004, 005, etc.
- Please rename digital files. Please write on the back of photographs with a pencil or pen.
- If you have a combination of digital images and photographs, number them in the order you want them to appear: Example (Photos 001, 002, Digital 003, 004, 005, Photos 006, 007, etc.)

Step 3: Select your music.

- Rough estimate is one song for every 30 images. (Editors will not always use entire song.)
- Provide the MP3 files in a thumb drive or on the CD with photos.
- CD's can also be turned in with order as long as they include a label with your name.

Step 4: Complete the order form below.

Step 5: Bring the order form and project materials to room M-5.

Video Album Order Form

Your Name: _____ Phone Number _____

Video Template Chosen from TV11 Website: _____ Student ID: _____

Print an Opening Title (optional) _____

Print a Closing Title (optional) _____
